

Introduction

1. Take me to the Hilton

2. It matters where you stay

3. We invite you to try it

Conclusion & forecasting

Adobe Analytics Challenge

A unique analytics-focused business case competition where university students are given the opportunity to use Adobe's industry-leading analytics products and access to real-world data from leading organizations.

Introduction

1. Take me to the Hilton

2. It matters where you stay

3. We invite you to try it

Conclusion & forecasting

By the end of this presentation, finally :

1.63 Million
expected increase in digital reservations

10.27%
expected overall growth

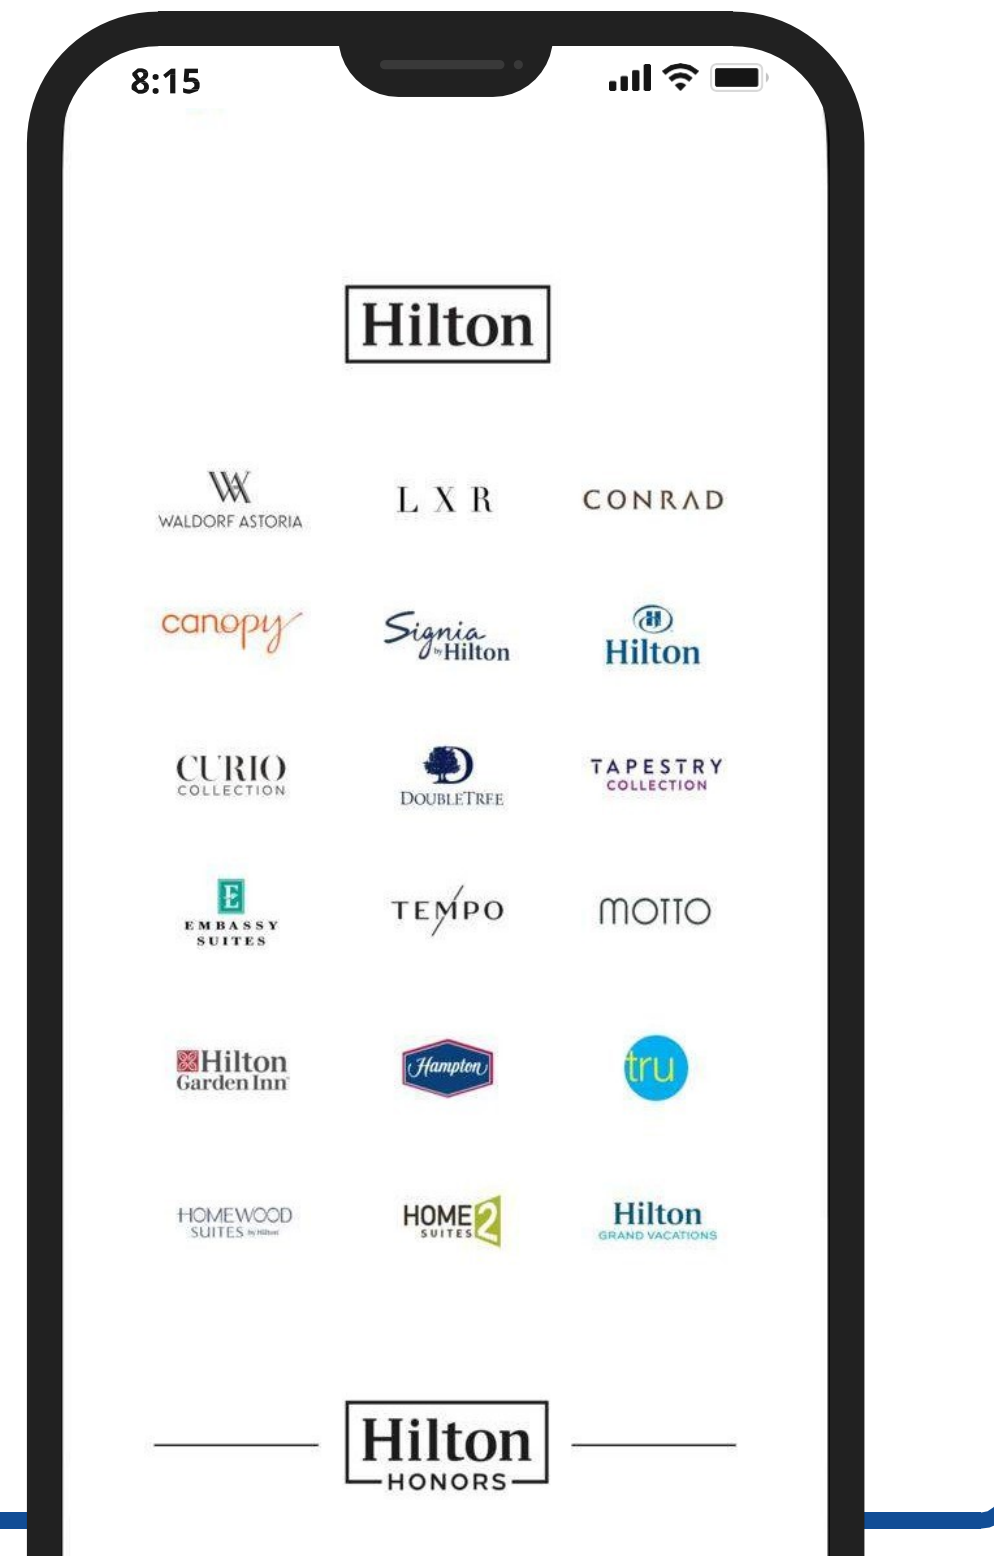

By the end of this presentation, finally :

1.63 Million

expected increase in digital reservations

10.27%

expected overall growth

Goals

Enhancing the customer journey and reducing dropout rates

Segmentation between business, leisure and bleisure travellers

Directing users from 3rd party to Hilton

Key Data Driven Questions

- What are the digital behaviours of a user before converting into a Hilton guest?
- What are the digital behaviours based on guest types? (Honor/ Non-Honor)
- What are the gaps & opportunities in the current marketing strategy?
- What are the geographical regions to target?

- How can we segment users based on their travel type?
- What recommendations of locations can we give to such users?
- What recommendations of Hotel properties can we give to such users?

- What percentage of users use 3rd party over Hilton ?
- How can we drive users directly to the Hilton website?
- What are some ways to reduce customer acquisition costs?

Solutions

TAKE ME TO THE HILTON !

IT MATTERS WHERE YOU STAY !

WE INVITE YOU TO TRY IT!

Take me to the Hilton !

A world map schematic presentation to show the percentage of marketing instances (last touch)
w.r.t. geographic locations

8. Natural Social		4,923,936	3.0%		2,440,746	9.6%	475,720 2.7%
9. Affiliates		3,050,495	1.9%		71,391	0.3%	134,301 0.8%
10. Other Links		2,178,460	1.3%		35,748	0.1%	130,350 0.7%

Recommendations for Asia Pacific and Europe

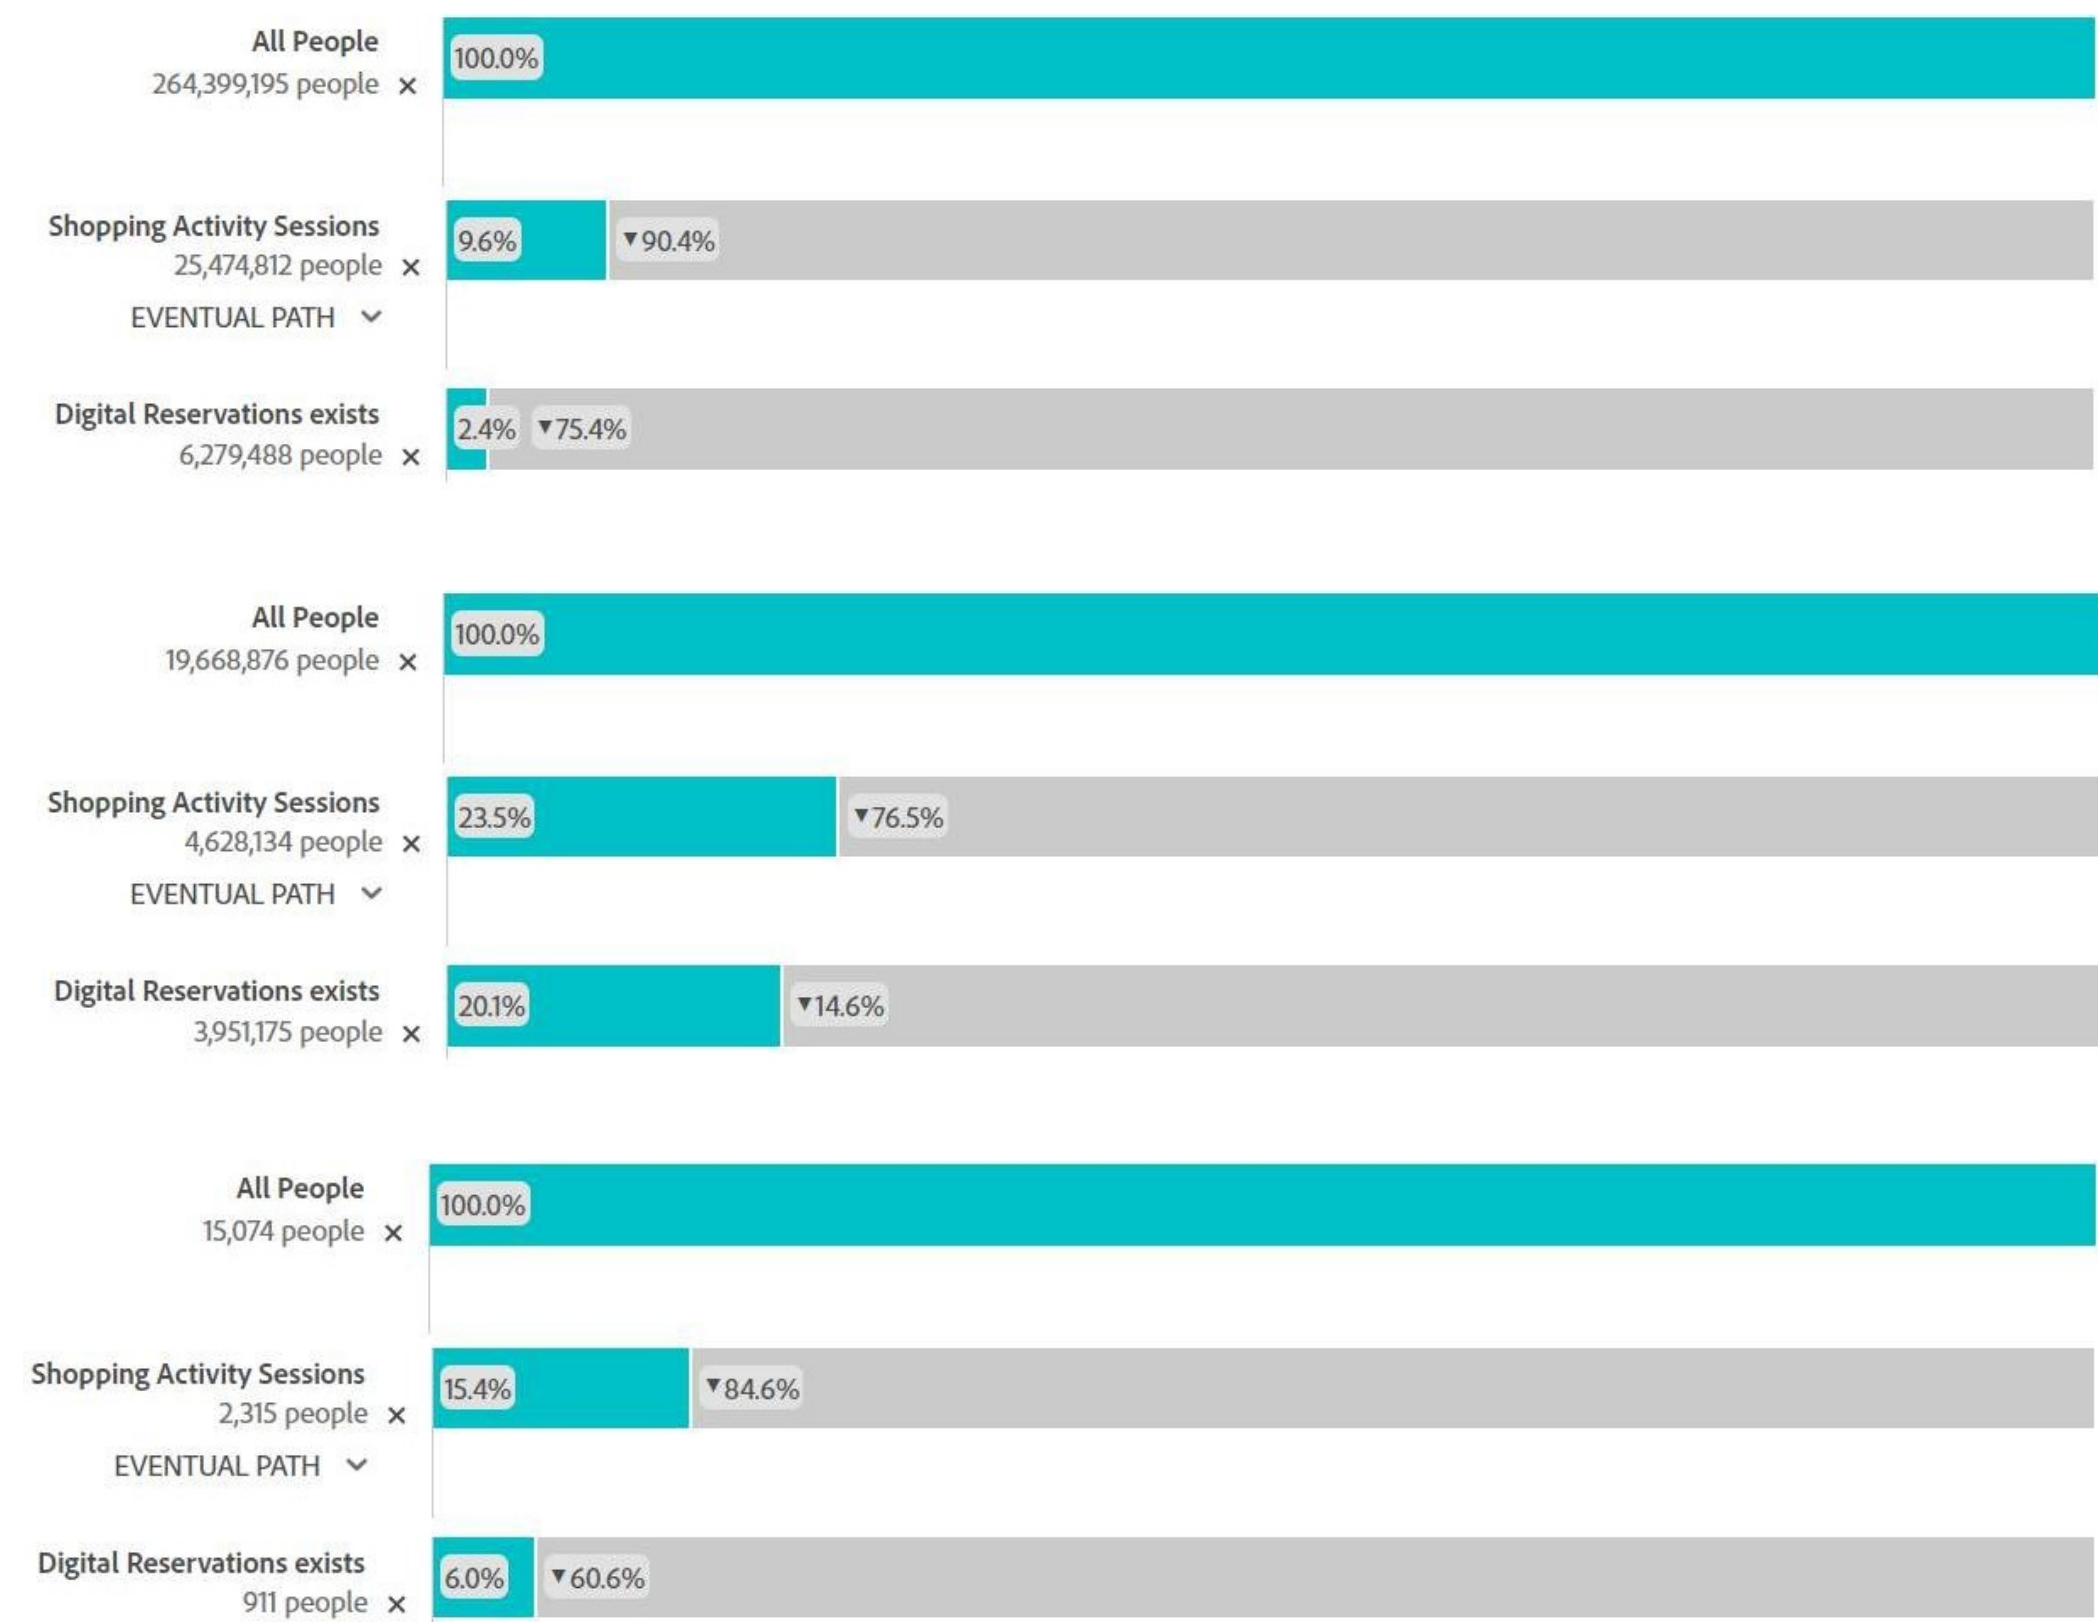

- Invest more on Email Marketing.
- Focus on Influencer Marketing (form of paid social marketing) as it has a huge potential.
- Hilton can have some content in form of Blogposts (Other links)
- Focus on improving meta search

As ROI is high in Europe, therefore, we can invest more

Customer Journey Analysis

Analysis of Fallout rates users on different devices

MOBILE WEB FALLOUT

Out of **25.48 M** People who indicated shopping activity Behaviour, Only **6.28 M** booked the reservation i.e. **75.4%** users fail to convert into paying customers.

— — — ◀ Hence Anomaly Detected !

MOBILE APP FALLOUT

Out of **14.63 M** People who indicated shopping activity Behaviour, **3.95 M** booked the reservation i.e. **14.6%** users fail to convert into paying customers.

— — — ◀ No such big Anomaly

DESKTOP WEB FALLOUT

60.6% users fail to convert into paying customers.

— — — ◀ The number of Desktop users is too small in comaprison

Recommendations for Mobile Web Fallout

Customer Journey Presentation showing digital behaviours of a user before converting into a Hilton guest (for Mobile Web)

FALLOUT NUMBER	PROBLEM	PROBABLE SOLUTON
Fallout 3 (Rate Selection >> Proceed with payment) (Drop : 41.6%)	• Deviation via 'Edit stay' page • False users who visit only for rate comparison w.r.t. other hotels	• Creating urgency by showing time based offers so that users do not lose focus
Fallout 4 (Proceed with payment >> Booking confirmed) (Drop : 60.6%)	• Users see a huge difference in the payable amount and prices due to inculsion of taxes	• Also show rates including taxes while selecting rate only

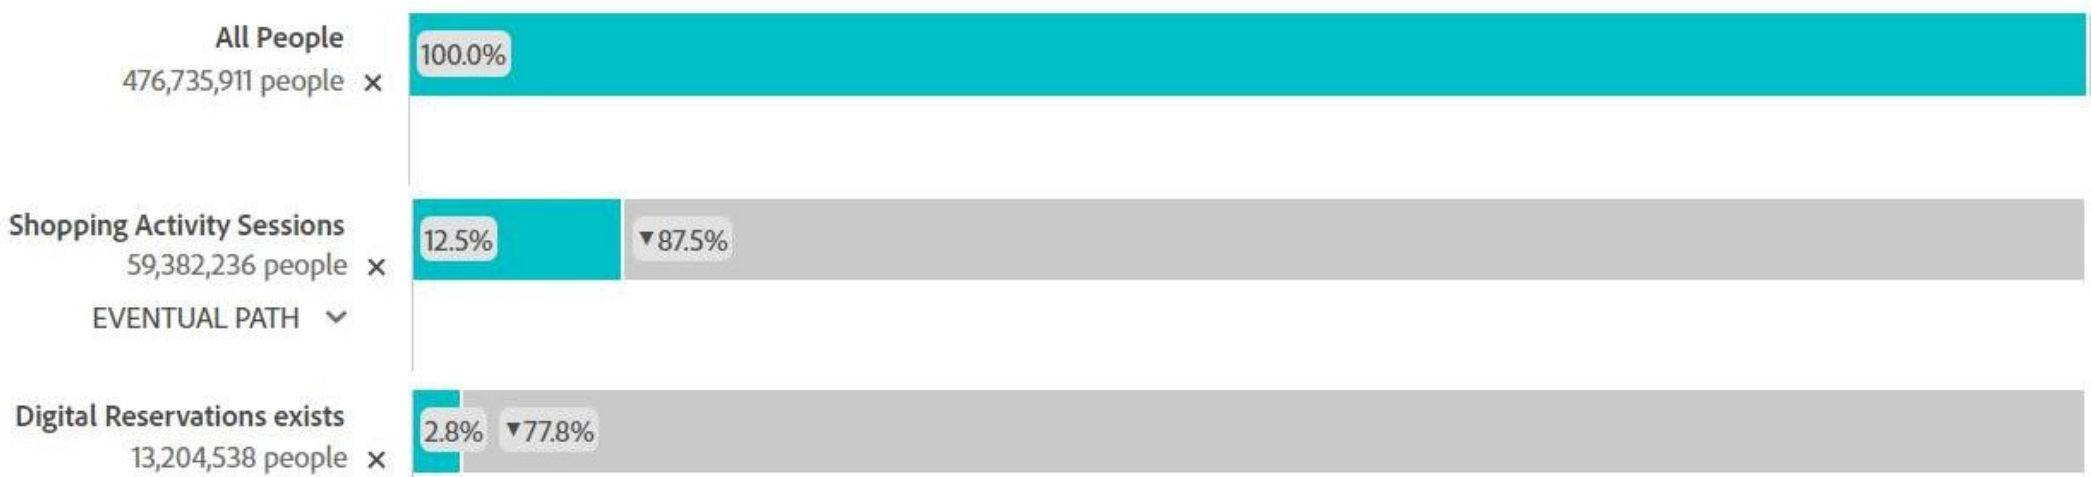

Digital Behaviour based on guest types

What are the digital behaviours of a user before converting into a Hilton guest? What are the digital behaviours based on guest types? (Honor/ Non-Honor)

HONOR MEMBERS FALLOUT

23.1% drop is observed in between shopping activity sessions and actual digital reservations

NON - HONOR MEMBERS FALLOUT

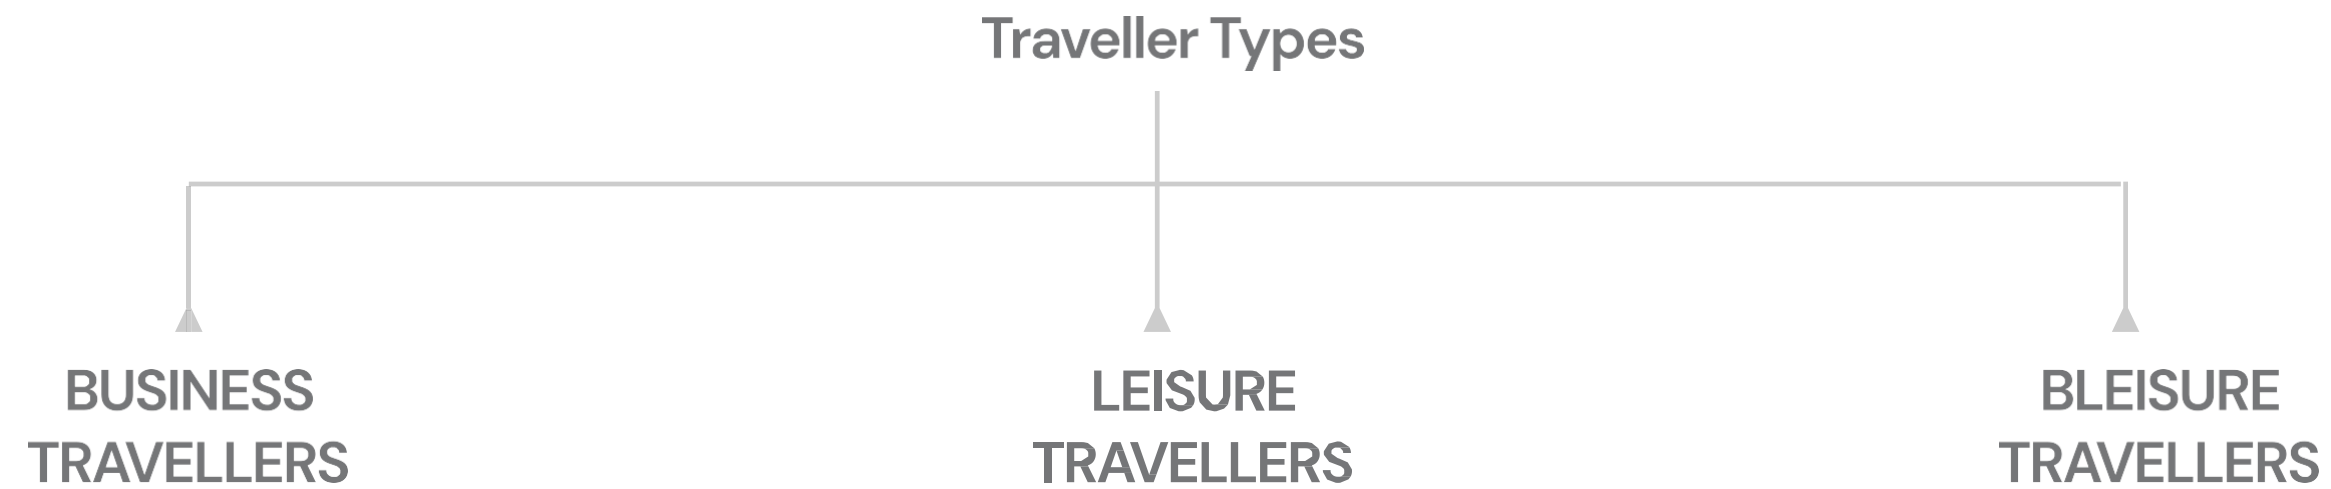

77.8% drop is observed in between shopping activity sessions and actual digital reservations

Convert Non-honor to Honor members :

- Enable push notifications in applications will help in conversion
- Affiliate Marketing for Hilton Honors Program
- Doing Influencer Marketing for Hilton Honors Program

It matters where you stay !

In this segment, we will segregate traveller to provide better stay recommendations and solutions

Introduction

1. Take me to the Hilton

2. It matters where you stay

3. We invite you to try it

3. Nashville	75,130 3.8%
4. Charlotte	59,778 3.0%
5. Savannah	59,362 3.0%

Filters

Leisure travelers

People

- From the above analysis, we can deduce that the **top 5 searches** for hotels of the leisure travellers from Paris, were from the **cities around Paris**. Similar results were deduced from the analysis of leisure travellers from other cities forming a consistent pattern.

Hence, we can conclude that leisure travellers prefer to travel and stay in the nearby cities.

- We can also add attractive offers to the users for the hotels near their geographic locations.

Where to specify these recommendations?

We can show all these recommendations on home landing page because maximum users visit this page first

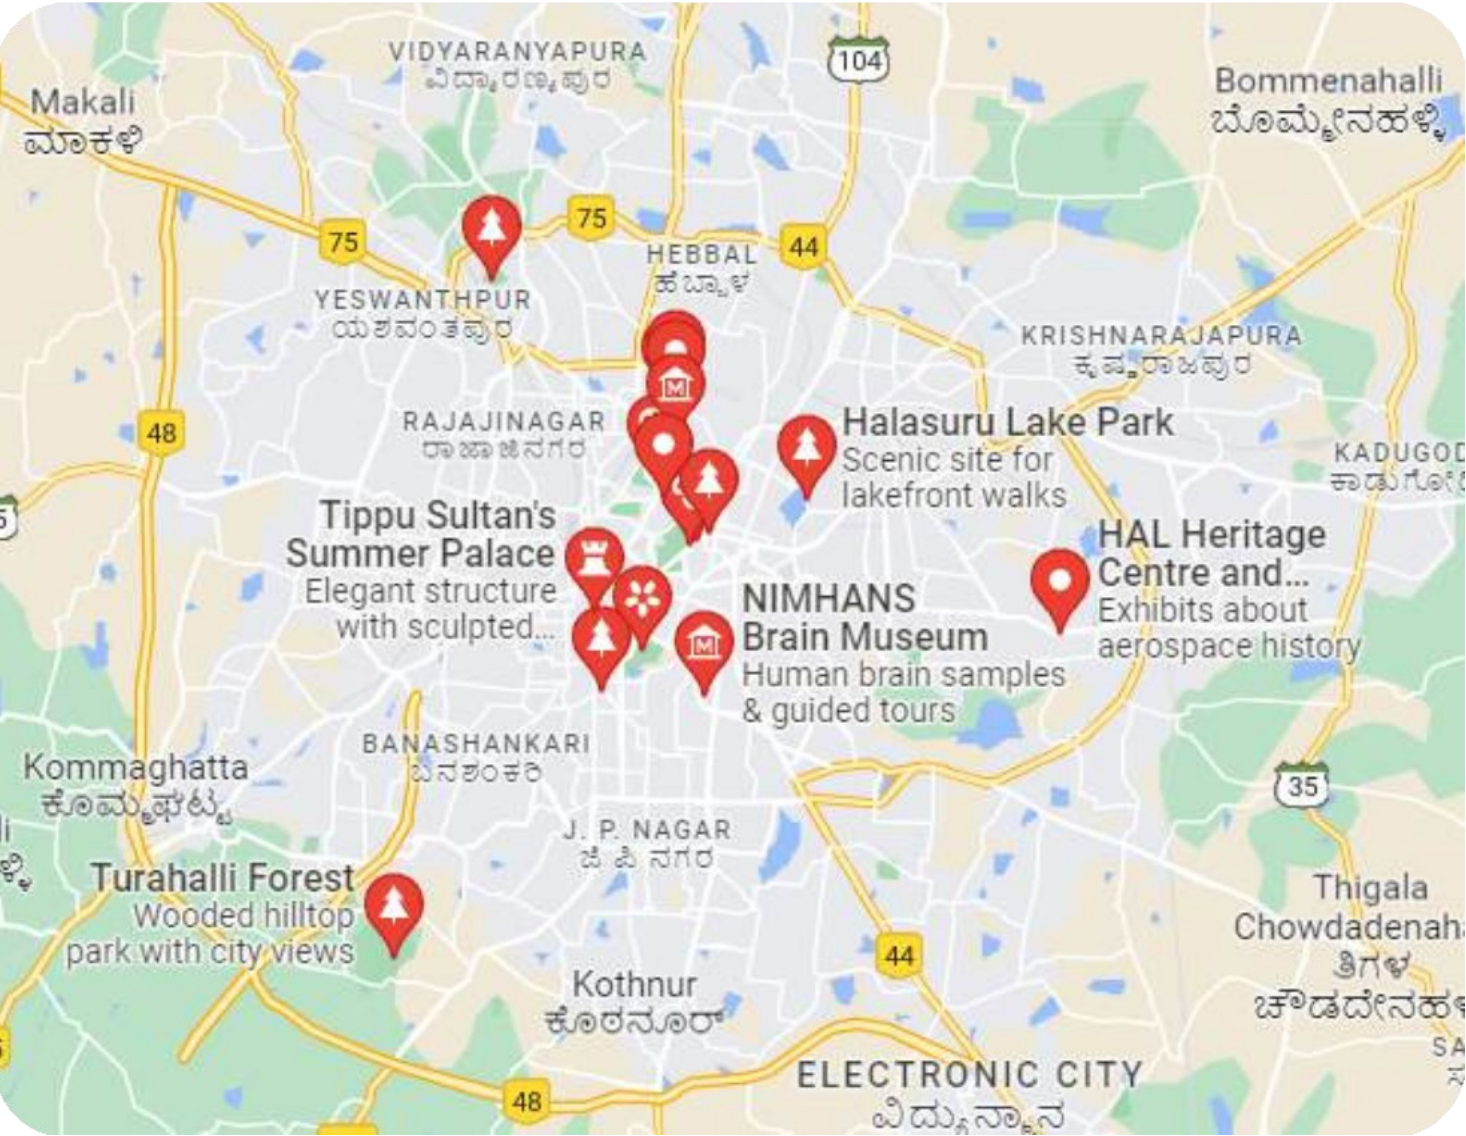

Flow chart for entry pages in browser experience

Benefits

- This will increase the user personalization making it more attractive for users
- A personalized experience for the users helps in ‘word-of-mouth’ or ‘Organic/ unpaid’ marketing of the product.

RECREATIONAL INSIGHT FOR LEISURE TRAVELLERS

C

RECOMMENDATIONS

for directing users to Hilton instead of 3rd party services (mainly OTA)

Leverage user generated content (UGC)

User generated content helps paint a detailed picture of the property and sets the users’ expectations.

It is also trusted by **92%** of consumers according to **Salesforce**.
UGC is easy to collect from your guests, **67%** of travelers already post something about their travels on social media.

Increase the reach of Honor program

Converting from a non-honor user to honor user is free and just one click away through sign up. Honor program provides a lot of benefits which a lot of non-honor users are not aware of.

Hence, through various marketing channels, we can direct the users towards the Hilton website

Provide reviews on Hilton website

According to trip advisor, **96%** of travel shoppers consider reviews important and **79%** of those shoppers will read between **6-12 reviews** before making decision

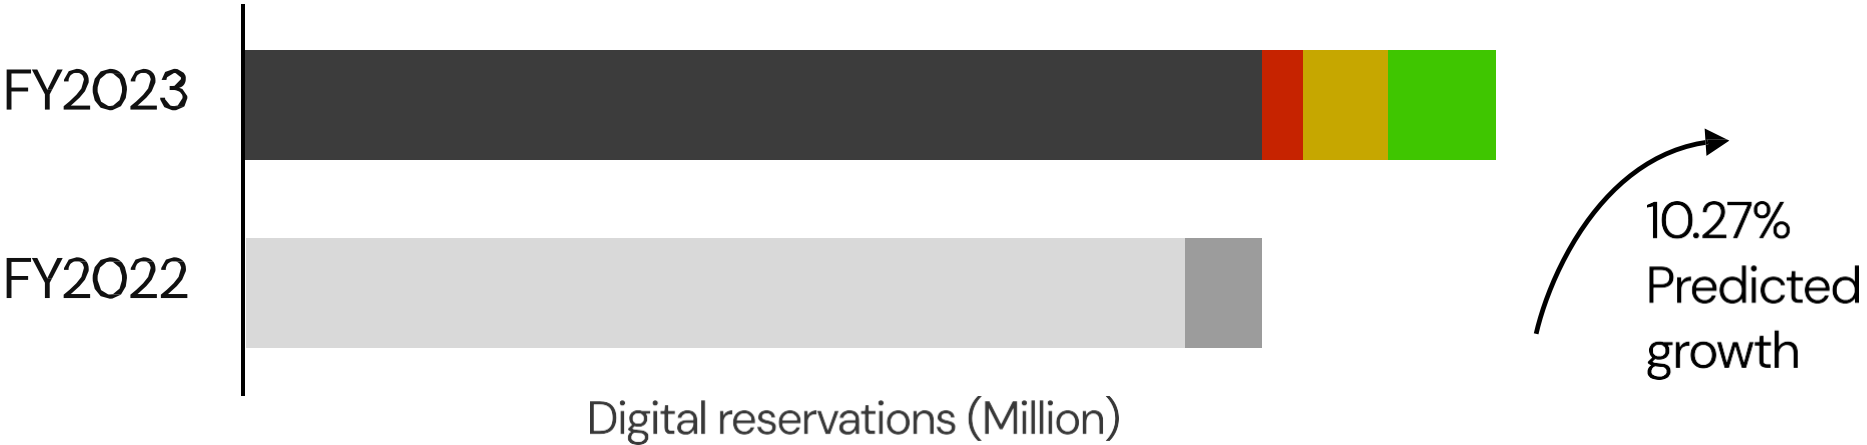

Hence, we can use the reviews to our advantage on our direct booking sites as well

Conclusion and Forecasting

PROGRAMMES	TAKE ME TO THE HILTON!	IT MATTERS WHERE YOU STAY !	WE INVITE YOU TO TRY IT!	TOTAL SUM
EXPECTED % INCREASE	5.12%	0.4%	4.75%	10.27%
	Affiliate : 5% of 15 = 0.75% Testimonials : 5% of 4.4 = 0.22% Push : 5% of 16 =0.8% notifications Influencers :: 5% of 67 = 3.35%	Personalised location : 5% of 8 = 0.4%	UGC : 5% of 70 = 3.5% Honor Reach : 5% of 25 = 1.25%	

ASSUMPTIONS

- Bare minimum values are used for calculation.
- Digital reservation is proportional to revenue.
- All the figures’ references have been provided at the end of the presentation.
